LIVIU PANUTA

ABOUT ME

I am an Accomplished manager with extensive experience in leading teams by example, and with feedback and coaching. My background in planning procuring and executing work helps me in timely completion of my projects. I like to work closely with engineers, architects and more to drive the best outcome. I believe in creating short and long-term plans and benchmarks to ensure all requirements are met, and that each step of the plan has been effectively communicated with all parties.
