Hi,

Take a look at this new business. They have a basic General Liability Policy in place; however they are being awarded a bigger contract and the requirements are dictating him to get a different policy in place (bid is attached)
K-Square Ent. is a Mold Remediation Service contractor. They will be subcontracted out by the Demolition Company that is working on a project issued by the developer.
Let me know what you need to get started the effective date is a weeks out May 15th.
